Microsoft Research Intern Program

World-class researchers

Work with top researchers and innovative research teams.

Impactful projects

Work on projects that will impact the field of computer science – and the world.

Awesome benefits

You'll get a competitive salary, housing, medical, and more.

Networking opportunities

Build connections with researchers and other people across the company.

Amazing locations

The Pacific Northwest is amazing, but if that's not your thing, we host internships around the world.
